

Move a 365id Scanner to another location

365id PORTAL

Move 365id Scanner to another location

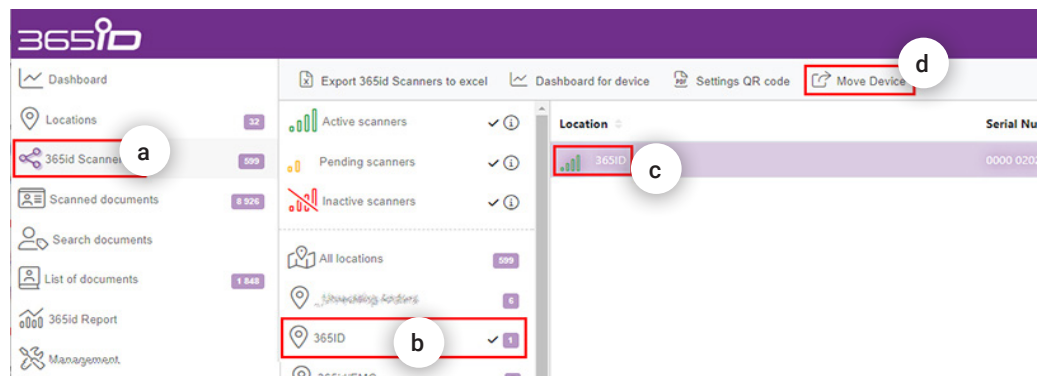

This instruction describes how to move a 365id Scanner from one location to another in the 365id Portal.

NOTE! Manager access in the 365id Portal is required for this functionality.

Step 1

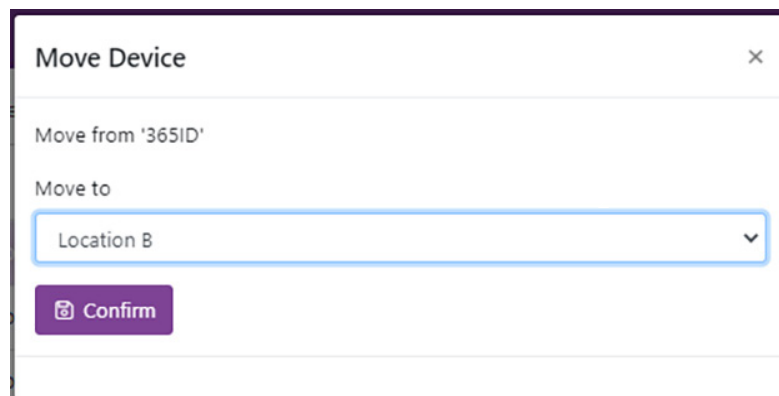

In the 365id Portal, select the 365id Scanner that shall be moved.

- a. Click on 365id Scanners
- b. Select your location
- c. Select the scanner you want to move
- d. Click "Move Device"

Step 2

- a. Select the new location
- b. Click "Confirm"

Your 365id Scanner is now registered to another location
